

# HUDSON TECHNICAL POST SECONDARY COSMETOLOGY PROGRAMS

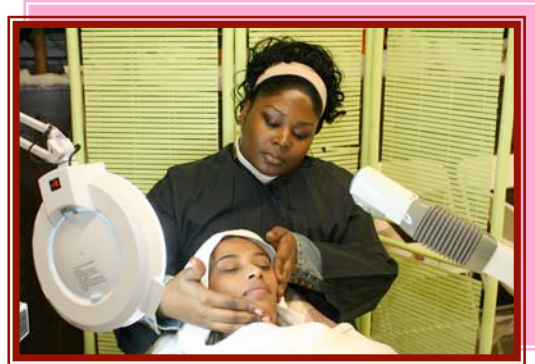

## AIRMAKEUP POST SECONDARY (To register call 201 662-6792)

This fast and flawless workshop will enable students to have basic knowledge of airbrushing makeup to create flawless skin. In this curriculum you will have hands on education with techniques to capture the art of Airmakeup. We will teach how to airbrush foundation, blush, eye shadow, contouring, highlighting cheekbones, and matching flesh tones. In addition we will show how to break down and operate the Airmakeup airbrush kit. We will also explain and demonstrate full body Airbrush tanning with the class. We also provide ideas to start your own Airmakeup business. Those students completing this course will increase their revenue and be able to apply makeup.
